

ValvTect Supports National Marina Day

ValvTect Petroleum, a co-sponsor of the 2007 National Marina Day along with AMI and several other allied industry members, took a step further to support its Certified ValvTect Marine Fuel Marinas National Marina Day event.

In addition to making available ValvTect flags, banners and floating key chains, to Certified ValvTect Marinas, ValvTect donated a "Longest Travel Trophy" to each participating marina. The Trophy was awarded to the person who cruised or traveled the farthest distance to attend the event.

ValvTect's Regional Sales Managers will attend Certified ValvTect Marina events nationwide to personally award the trophies, help serve food and drinks, and provide information about ValvTect Marine Fuels.

Jerry Nessenson, president of ValvTect Marine Fuels stated, "ValvTect has been a strong supporter of the National Marina Day program since its inception. The program provides an excellent way for the industry to show the important role marinas play in enhancing their community." Nessenson said, "ValvTect is proud to support AMI and our participating Certified ValvTect Marinas."
